Subject: RE: Proposed Plan for OU-8 (Arimetco)
20161114 Anaconda PP Public Notice.doc

Hi Sarah,

Attached is the draft public notice to go out in the RGJ and MVN.
The only real question I have (although I may get comments from Dante, or Greg/Jeff) is the website address for the EPA electronic version to be made available to the public. Since we are in transition the TT sharepoint site will not be available, and I don't think CBI has their sharepoint site up and running yet, so how do we deal with that? Maybe just not mention that??

Thoughts on that and wording throughout?

Thanks,
Jeryl

Subject: Proposed Plan for OU-8 (Arimetco)

Dear Anaconda Community Members and Stakeholders,

Attached please find the Proposed Plan for Operable Unit 8 (former Arimetco property) at the Anaconda Copper Mine. This Proposed Plan describes how the Nevada Division of Environmental Protection (NDEP), U.S. Environmental Protection Agency (EPA) and the Bureau of Land Management (BLM), propose to protect human health and the environment by implementing remedial actions at the former Arimetco portion of the Anaconda Copper Mine commonly referred to as Operable Unit 8. The Plan describes the remedial alternatives that the NDEP, EPA and BLM (the agencies) are considering, and identifies the preferred alternative for implementation. The Plan also explains how the public can participate in this decision, including where to find more information and the date and location of a public meeting. The agencies request public comment on the Plan and will accept comments at the public meeting and in writing during the public comment period.

Hard copies of the plan will be mailed out in the next week, and you can expect it to arrive in your mailbox in the next two weeks.

Public Comment Period:

-

When: Monday November 21st to Wednesday, December 21st.

How to Comment: The public may comment by submitting written comments to Jeryl Gardner, NDEP (information below) via email or postal mail, or by verbally submitting a comment at the upcoming public meeting. Please reference “Anaconda Copper Mine Proposed Plan” in your submitted comments.

Submit Comments to:

Jeryl R. Gardner, P.E., C.E.M.

NDEP Anaconda Mine PM

901 S. Stewart St., Suite 4001

Carson City, NV 89701
